PROFESSIONAL SUMMARY

Motivated and talented React frontend developer, passionate about creating captivating user experiences through innovative design and proficient code implementation. Seeking to leverage knowledge and skills to contribute to a dynamic development team.

TECHNICAL SKILLS

React

Javascript

Redux

HTML and CSS

Git

EDUCATION

Full-stack Web Development

NeoG Camp [🔗](#)

February 2023 – present | Bangalore, India

Bachelor of Engineering (CSE)

M.G.M College of Engineering

2018 – 2022 | Nanded, India

PROFESSIONAL EXPERIENCE

DRDL, Intern

April 2022 – July 2022 | Hyderabad, India

- Completed an internship at DRDL where I received hands-on training on **data acquisition systems** with a team of four members.
- Worked extensively with the **PXI module**.
- Developed a **graphical user interface (GUI)** using Python (**Tkinter**) library to enhance the usability and functionality of the data acquisition system.

PROJECTS

TheFace [🔗](#)

I developed a visually stunning skincare web app with a user-friendly interface.

- **Tech Stack:** React | Javascript | HTML | CSS
- **Area of Responsibility:**
 - Implemented a user-friendly homepage with a responsive design
 - Created login, logout, and signup functionality with **authentication** measures
 - Integrated **Razorpay** for seamless and secure payment processing
 - Implemented search functionality to enable users to find specific skincare products
 - Developed product listing pages with details, pagination, and sorting options
 - Implemented wishlist and cart features for users to save and purchase items

MoshiMoshi [🔗](#)

I crafted an anime social media app.

- **Tech Stack:** React | Javascript | HTML | RestAPI | CSS
- **Area of Responsibility:**
 - Utilized React, use-reducer, and use-context for seamless use experience and efficient functionality.
 - Integrated external APIs to fetch anime data
 - User Feed: Landing page displaying a list of user posts.
 - Sort & Filter: Tabs sort posts by date or filter by trending based on likes.
 - User Profile: Default avatar upon signup, with the option to Edit profile picture, bio, and portfolio URL.
 - Explore Feed: Access to all posts, including those from non-followed users, in the Explore feed.
 - Implemented Features like Creating new posts, Editing and Deleting posts, Like, Bookmark, Follow/unfollowing.

SOFT SKILLS

Team Work
